Speakers Bureau

MEGA has accumulated a list of volunteers who are excited to share their stories with our students. As part of our MEGA curriculum program, classroom mentors are encouraged to invite speakers from various walks of life to their mentoring sessions and discuss their life experiences and careers with the students. The goal is to show students that regardless of their upbringing or environmental circumstances, success is possible through hard work, dedication and applying the MEGA core values of: Respect, Responsibility, Effort and Achievement.

If you'd like to share your knowledge and life experience with our students, we'd love to have you on our team! Please fill out the "Become a Speaker" application so we can add you to our pool.
