

If you've submitted an online membership application or signed up to receive newsletters and you haven't received any communication from MEGA Mentors, our emails are most likely being tagged as SPAM. Please check your SPAM box and mark all emails from MEGA as safe. To ensure future emails from MEGA's various email accounts won't be tagged as SPAM, please also add MEGA's domain name "@megamentors.org" to your safe sender list (whitelist) or filter settings. If you need assistance with whitelisting MEGA's domain name, here is an [OnlineGroups blog with instructions](#).

You may also periodically receive phone or text messages from MEGA Mentors to remind you of upcoming events or your RSVPs. So, please add these phone numbers to your cell phone contacts so they won't be marked as SPAM: (804) 210-7805 and (844) 678-7644.
